

Due to oversight, I have realised a fatal issue in my [☰ ZEN COLLECTION - INT](#) document that proved to be too much to bear.

So consider this a collection of explanations of each section and what they detail.

Anyways, before we begin, links:

[☰ ZEN COLLECTION - INT](#)

[☰ EXPOSÉ-INT](#)

Now we may begin.

Exhibition Alpha: I included this strictly at the top because it should have given you an insight on who Dex/Zen (Dex for the remainder of this document) was letting in. Anybody mind you.

Secondary Exhibition Ark: This is Dex's friend group (private as per request) making fun of him for the minors he let into his Roblox BDSM game and allowing Poopgamer to happen.

Exhibition Beta: Dire need of creation. Beta is in low quality but to put it simply, this is Dex encouraging Anco to go back to Neptune and reconcile with them after Anco blocked them for a reason. Also Poopgamer, Neptune was banned before this

happened, and Poopgamer was already being investigated for grooming at this time.

Exhibition Charlie: Back to back, originally a mistake in my construction of the document, it shows Dex defending Letrux, and in the later side, has Dex defending Poopgamer.

Exhibition Delta: Shows him being involved with Letrux, as a VIP member, and friends with both owner and co-owner.

Sec Exhibition Apollo:

A claim by Rxtty with little confirmation, however, due to the fact Dex is friends with Yush and Sun, it is still viable.

Exhibition Epsilon:

This is just to establish Dex not being above emotional manipulation. He threw a fit over Missdelight1 being outed as Sun. I went along with it just so he could run his mouth. I was aware of just about everything he was saying at the time.

Exhibition Gamma: Dex asking a 15 year old girl for feet. I know this said person in a GC relating to De Antillen.

This also includes him obtaining feet from a now wiped account.

Exhibition Upsilon:

Shows him using fake identities, he is deceptive.

Exhibition Omicron:

Sadly lost, but according to Salty (former UF Community Manager) Dex sided with another pedophile in the days of UF.

Exhibition Rho:

Shows Dex reprimanding Anco for showing his DMs to Catboytrolling.

Exhibition Pi:

More of an analysis, shows Anco still defending Dex even after everything.

Exhibition Iota: After this same document got out to De Antillen, Dex uses textbook groomer language to reprimand Anco again.

Exhibition Nu: More of a footnote, it shows Dex on his TCR server, opening it up after he closed it.

Exhibition Mu: Dex response

Exhibition Az: My response to his response

Exhibition Kappa: Outs Aqua as 15, Dex apparently had their thighs (he did say he got them randomly, which given Aquas antics, may be true), also includes him asking Shad for feet

Also admits to asking a 15 year old for feet

Exhibition Angel:

Dex asking that same 15 year old in De Antillen to cover them  
Also backtracks on his age

Note A:

Denied by Kollow, a claim that the Roblox account that Kollow uses is actually shared by both Kollow and Dex

Exhibition Foxtrot:

A dilemma over Dexes age and actions.

Exhibition Zayin: A most certainly attempted bribe attempt.  
Attempted to bribe Catboytrolling with game assets in exchange for him defending his actions.

Exhibition Oscar: Another one of Dex's friends, who he also asked for feet.

Exhibition Malkuth:

A confrontation in a TLK Prison Private Server, Dex admitting to multiple things, and doing his classic "they didn't get the full context" when he was asking for feet, despite the fact it was a one on one conversation.
